

REBELOT

CANTIERI DI BAIATLANTICA 78 (2007)

IDEA
YACHTING

DESCRIPTION

A Mediterranean open that represents the maximum expression of the typical style of the Baia shipyards. Performance is extreme thanks to two MTU engines of 2000 horsepower each which allow it to reach a maximum speed of 45 knots.

The engine room is in impeccable condition, like new, completely repainted and all the insulation replaced. The engines were disembarked, completely repainted and ordinary and extraordinary maintenance was carried out. Furthermore, the main 220V and 24V electrical panel was changed, complete Arneson service and new generators. These are just some of the many works done.

M/Y REBELOT can accommodate up to 8 guests in 4 cabins including a master full-beam suite amidship at the stern, two guest cabin with flat beds and a VIP cabin at the bow with a double bed, each with a private bathroom. There is also a crew cabin for two. The kitchen is on the left in a separate room.

The living area on the main deck offers a large sunbathing area and a seating convertible to a dining area. Sliding glass doors open to connect the interior space, which includes a beautiful dining table and a bar. Large windows and a sunroof provide plenty of light. Sun lovers will find another sunbathing area on the foredeck.

SPECIFICATIONS

Builder	Cantieri di Baia
Model	ATLANTICA 78
Registration Year	2008
Length	22.78 m
Beam	6.03 m
Draft	1.15 m
Displacement	50,000 Kg
Propeller type	Arneson Rolla 5 Blades
Engine	2 x 2,000 Hp MTU MTU 16V2000M91, 1462 hrs
Generator	Kohler (1 x 13.5 Kw), Kohler (1 x 20 Kw), 10, 2,12...
Max Speed RPM	45 kn
Cruise Speed RPM	38 kn
Fuel tank capacity Material	5500 l
Water tank capacity Material	1200 l
People transportable	20
Cabins	4
Baths	4
Flag	Italy
Visible	Liguria, Italy
Price	1,200,000.00 €
Vat	VAT Paid

FURTHER INFORMATION

REFIT 2023

ENGINE WORKS:

- Removing of engines
 - Intercooler overhaul
 - Replacement of injectors with related gaskets, head covers
 - Borescopic examination of cylinders and sampling of compressions
 - Overhaul of exhaust manifolds and exhaust crosspieces
 - Replacement of 4 turbine exhaust scrolls
 - Inspection of clutches and gears on gearboxes
 - Disassembly and overhaul of oil selectors
 - Engine repainting
 - Replacement of right engine oil sump seals
 - Overhaul of salt water pumps
 - Overhaul of fresh water pumps
 - Replacement of belts and tensioner
 - Starter replacement
 - Replacement of deaerators carter on monoblock
 - Replacement of pld pump o-rings,
 - Fuel rail overhaul with regulator valve replacement
 - Replacement of low pressure diesel and towing pump
 - Replacement of oil filter selector gaskets
 - Replacement of all water and oil hoses with relative clamps
 - Overhaul of plate heat exchangers
 - Replacement thermostatic valves
 - Silent block replacement
 - Service of MTU engines and ZF gearbox
 - Replacement of primary and secondary diesel filters
 - Replacement of engine air filters
 - Replacement of oil deaerator filters
 - Replacement of engine and gearbox oil filters
 - Engine and gearbox oil change
 - Head adjustment
 - Coolant replacement
 - Visual checks as per the maintenance plan
 - Disconnecting the gearbox for replacing the KS oil seal
 - Removing the damper to replace the oil seal KGS
 - Washing 4 turbo compressors
-

FURTHER INFORMATION

WORKS IN THE ENGINE ROOM:

- Installation of new Kohler generators 13.5Kw
- Engines and generators service in May 2023
- Cleaning of fuel tanks
- New total insulation
- Total repainting with gelcoat of all the engine room
- New ventilation system with new 1.5Kw/each extractors
- New seacocks and seawater intake
- Replacement of gangway hydraulic pipes and assembly of new complete Opacmare electronics
- Electric cable master assembly
- Stern and bow thruster overhaul
- New high pressure flap pipes
- New treadplate aluminum flooring
- Air conditioning compressor overhaul
- Idromar 180 l/h watermaker overhaul
- New FM200 antifire system
- New compressed air compressor with double outlet for the engine room and for the hangar for inflating the tender
- New 3.5 bar pressure chain washing system
- New 80L stainless steel boiler
- New black and gray water tanks
- Installation of 3 600A lithium service battery packs
- Installation of 10 AGM engine batteries November 2023
- 2 new Exide bow thruster batteries
- 2 new 316L stainless steel exhaust raisers with insulation renovation
- New dedicated battery charger for generators

ARNESON SURFACE DRIVES OVERHAUL:

- Replacement of sections of pipe between the machine panel and the system
- Oil exchanger overhaul
- Replacement of oil, filter, oil seals on sockets
- Overhaul of pto hydraulic pumps
- Overhaul of steering pistons

EXTERNAL WORKS

- Bow winch overhaul
- Overhaul of 2 warping winches at the stern
- New chrome winch crown
- Installation of direct dock water intake
- Hangar repainting

INTERNAL WORKS

- New Tecma toilet seats
 - New IceMaker
 - New 20cm master cabin mattress
-

FURTHER INFORMATION

- New carpet in the cabins
- New headboards on all cabins
- Repainting and lacquering of some panels in the cabins
- New refrigerator

ELECTRONICS:

- New 2 Raymarine Touch Axiom 16"
- Raymarine Axiom 9" installation in the crew cabin
- New Raymarine Axiom 12" installed in the hallway with PLC function
- New VHF Ray 90 Black Box
- New AIS
- New Raymarine Evolution Ev-300 autopilot and P70Rs control unit with electronic compass
- New Radar Cyclone
- Interface for engines, Arneson, fuel level, water level....
- New Raymarine cameras, one on the stern and two in the engine room
